Dear Parents, Teachers and Students,  
I was always attracted to the thought – **Home is the first school and School is the second home.** In fact, today it has come true. This pandemic has altered our life including our school system, teachers, children and parents. Let's avoid the negativities and look into positivity. Our homes have become schools and parents have become teachers too. Unimaginable! But it's a fact we have to live with now and invariably it is happening- irrespective of our status, far or near. E-learning has emerged as the best way of imparting education. It gives me great joy to meet you all through this newsletter-a great way to communicate and be creative. Enjoy our quarterly newsletter as we move on with our lives.

I thank all who contributed to this endeavour. Be assured that the management, teaching faculty and non-teaching administrative staff of the school is working towards making this lockdown period a meaningful and fruitful one. We will not leave any stone unturned in educating our children of the Madhusthali family. I remain grateful to all the parents, teachers and well-wishers for your priceless support and cooperation at this moment. My sincere advice to the students – Do not lose hope. Concentrate on the silver lining amidst the thickest and darkest cloud at present times. We, at Madhusthali, hope to see you all soon- refreshed and rejuvenated.

## Principal's Block

Dear Readers, Greetings from the Madhusthali family.

This first edition of this session's Newsletter 'Ripples' makes its presence during this period of extended lockdown, caused due to COVID-19. Right now, we see ourselves, collectively facing this pandemic, a situation for which we had no experience and little preparation. And, at this time, when the whole world is battling against this pandemic, Madhusthali Vidyapeeth has made great effort to bring out this edition to provide our students a stage to evolve their creative thoughts and expression.

Michael Jordan said 'Talent wins games, but teamwork and intelligence win championships.' This Newsletter, indeed, is an honest effort to showcase not just the talents of our budding students but also to give them a platform to launch themselves and touch the sky. The outstanding talents of our gifted and innovative minds are sure to captivate the imagination of the readers.

We also extend our heartfelt gratitude to all the parents for their continued support to the institution and its endeavours.

"Dear Parents, you have, indeed, walked the extra mile to ensure that our children make the best use of their time." We hope that you would enjoy your journey as you sail through this enchanted ocean of brilliance. We wish you all happy and fun-filled days with your loved ones.

# *Madhusthali awaits you.....*

Three tiny tots of Madhusthali took a stand to visit the campus beating aside their boredom. It was really a refreshing moment for Samayra Rani & Israfiya Fatima of Std. KG and Eram Fatima of Std. 1 who spent their time exploring the green campus after more than a year. The charming girls did not shy away from camera posing for pictures too.
