"Whan that Aprille with his shoures soote
The droghte of March hath perced to the roote"

The Canterbury Tales by Geoffrey Chaucer

Dear readers,

As we begin the new academic session 2026 - 2027, our school continues its journey with new energy, enthusiasm and learning. The month, April 2026 was filled with many meaningful activities, special assemblies, workshops, celebrations and awareness programmes that enriched the young minds to learn important values like kindness, discipline, environmental care and teamwork. From Earth Day celebrations and plantation drives to orientation programmes and student achievements, every event added joy and knowledge to school life. We look forward to another wonderful year of growth, success and learning together.

SPECIAL ASSEMBLY

GOOD FRIDAY CELEBRATION

The school conducted a Special Morning Assembly on the occasion of Good Friday on 2nd April 2026 to spread the message of sacrifice and love. The assembly included a prayer by the choir group, a Bible verse reading, poster display, and a speech by Anshika on the importance of kindness and forgiveness. Adya Purush Ji encouraged students to participate in the Bhagwat Geeta Exam. The assembly concluded with the National Anthem.

SUSTAINABLE DEVELOPMENT GOALS

A Special Morning Assembly on the theme Environmental Awareness and Sustainable Development was conducted by Shivalik House on 10th April 2026. The assembly included an inspiring speech on environmental protection and a meaningful skit by middle section students highlighting the importance of saving our planet. The programme ended with the School Anthem, spreading the message of a greener and better future.

FELICITATION OF SILVERZONE MATHEMATICS OLYMPIAD WINNERS

A special morning assembly was conducted on 11th April 2026 to honour the students who performed excellently in the Silverzone Mathematics Olympiad. The Dean of Activities praised the students for their hard work and motivated them to achieve greater success in the future. The Headmistress awarded the medals and certificates to the achievers.

AMBEDKAR JAYANTI & POILA BOISAKH

A Special Morning Assembly was conducted on 13th April 2026 on the occasion of Ambedkar Jayanti and Poila Boishakh. The programme included speeches, poster displays and cultural performances based on the importance of the occasion. Master Rupam Modi, dressed as Dr. B. R. Ambedkar, spoke about his life and contributions to society. Middle section students also presented a colourful dance performance celebrating Poila Boishakh, Bengali New Year.

EARTH DAY CELEBRATION

A Special Morning Assembly was conducted on 22nd April 2026 on the occasion of Earth Day. The assembly began with a prayer, followed by a thought and message by students on the importance of protecting and saving our planet. Students shared simple ways to care for the Earth, spread awareness about environmental protection to create a healthier planet and future. The programme concluded with the National Song by the school choir group ending the assembly on a high promoting national integrity.

APRIL MONTH THEME BASED MORNING ASSEMBLY

The April Month Theme Based Morning Assembly was conducted by Aravali House on 25th April 2026. The programme began with a peaceful prayer and a poster display on environmental awareness. Middle school students presented a meaningful skit on sustainability and caring for nature. Our respected CEO Sir shared his valuable thoughts on the importance of protecting the environment. The assembly concluded with the National Anthem by the school choir.

WORLD HEALTH DAY CELEBRATION

A Special Morning Assembly on 9th April 2026 on the occasion of World Health Day was conducted by Shivalik House under the guidance of the House Master and House Mistress. The assembly included a poster display, an informative speech by Shivam Baidya of Class IX, and a short skit by middle section students to spread awareness about health and fitness. The Dean of Activities also informed students about the importance of health and encouraged them to take care of their health. The assembly ended with an important message on maintaining good health.

WORKSHOPS & ORIENTATION

PARENTS' ORIENTATION PROGRAMME

The Parent Orientation Programme for the academic session 2026 - 2027 was successfully conducted on 4th April 2026 for all classes. The programme aimed to build a strong connection between the school and parents for the overall development of students. Parents actively participated in the session and shared their valuable suggestions and feedback. The programme helped to improve understanding trust and cooperation between the school and parents, making it a successful and meaningful event.

EXTRAMARKS WORKSHOP

An orientation session was conducted on 23rd April 2026 by Mr. Vikash, a Resource Person from Extramarks. The workshop aimed to help teachers understand the effective use of the Extramarks platform to make classroom learning more interactive and technology based. Various features such as smart class content, assignment and test modules and interactive learning tools were explained during the session.

CLASS XI ORIENTATION

The Orientation Session for Class XI students was conducted on 27th April 2026 in an engaging and interactive manner. The session began with the motivating words from our respected CEO Sir, followed by guidance from the Headmistress Ma'am. The Senior School Coordinator gave an informative presentation about the school's mission, vision, rules and discipline. All the teachers, along with the class teacher Mr. Mayank Shekhar, were introduced to the students

SPECIAL ACTIVITIES

FIRE SAFETY MOCK DRILL

Madhusthali Vidyapeeth conducted a fire safety drill on 16th April 2026 under the guidance of a government appointed Fire Safety Officer. The drill aimed to spread awareness and prepare students, staff and security personnel to handle fire emergencies safely and calmly. Students of Class IX A and B gathered in the open area near the school fountain, where the officer demonstrated the proper use of fire extinguishers and explained important safety measures and evacuation procedures. The drill was informative and successful, helping everyone understand the importance of fire safety and emergency preparedness.

GREEN INITIATIVES

On the occasion of Earth Day, a plantation activity was organized ON 22nd April 2026 for the middle school students at Madhusthali Vidyapeeth. The newly appointed Green Monitors planted marigold saplings under the supervision of Mr. Gokul & in the presence of the Headmistress Ma'am and the Middle School Coordinator Ma'am. The celebration began with a special morning assembly, followed by a skit on environmental awareness by the Foundational Stage students. Students and staff also took the Earth Day pledge led by Ms. Shabnam Parween. Various Green Day activities, including a green salad making activity, were organized to promote healthy and eco friendly habits. The event was informative and engaging, inspiring students to care for the environment and adopt sustainable practices.

A NEW BEGINNING

Madhusthali Vidyapeeth proudly congratulates Ms. Vinita Jaiswal on her promotion from Middle School Coordinator to Headmistress. Her dedication, leadership and commitment towards education have always inspired both students and staff. The school wishes her great success in this new role and looks forward to her continued guidance and support.

NEW RECRUITS

MR SOUBHIK ROY

Dept. of Physics

MS FALGUN SONI

Dept. of History

AMAZING FACTS

SCIENCE & NATURE

- Octopuses have three hearts and blue blood.
- A bolt of lightning is five times hotter than the surface of the Sun.
- Bananas are technically berries, but strawberries are not.
- Honey never spoils.

SPACE FACTS

- One day on Venus is longer than one year on Venus.
- There are more stars in the universe than grains of sand on Earth.
- Footprints left on the Moon may stay there for millions of years because there is no wind.

HUMAN BODY FACTS

- Your brain uses about 20% of your body's energy.
- The human body has enough blood vessels to circle Earth more than twice.
- You blink around 15–20 times every minute.
- Your heart beats nearly 100,000 times a day.

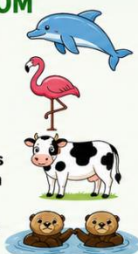

MATHEMATICS & TECHNOLOGY

- The number zero was developed in ancient India.
- A "jiffy" is an actual unit of time used in science.
- The first computer mouse was made of wood.
- More than 90% of the world's currency exists only digitally.

ANIMAL KINGDOM

- Dolphins have names for each other using unique whistles.
- A group of flamingos is called a "flamboyance."
- Cows can have best friends and become stressed when separated.
- Sea otters hold hands while sleeping so they do not drift apart.

INSPIRATIONAL & EDUCATIONAL

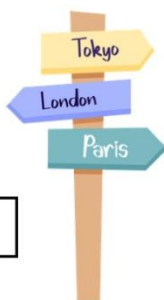

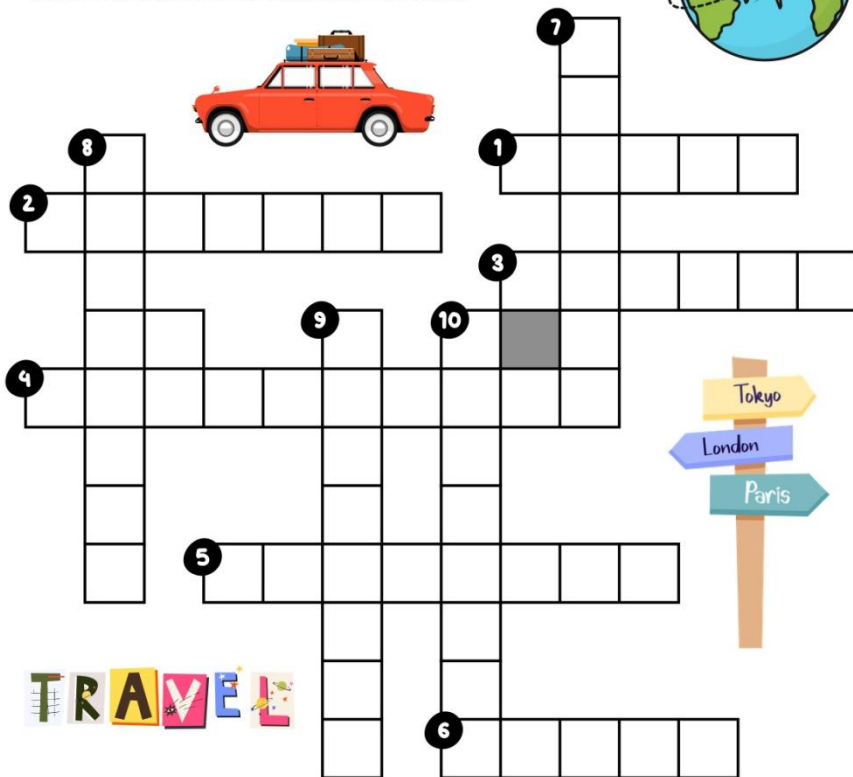

- A. P. J. Abdul Kalam sold newspapers as a child before becoming a scientist and President of India.
- B. R. Ambedkar studied for over 18 hours a day during his academic years.
- Reading for just 6 minutes can reduce stress significantly.
